The Arts Award Chippy Project

Hello!

A very big welcome from the team at Gallery Oldham and Oldham Arts Development. We hope you find all of the information below useful.

We would like to invite you, if you're aged between 5 - 18 or 25 if you have additional needs and/or disabilities, to join our first digital Discover Arts Award.

The Arts Award is a way for children and young people to explore the arts, artists and arts organisations in a fun and creative way. For this award you will focus on the fantastic artwork and artist 'The Adoration of the Chip by Ed Hall.'

You will become an art detective and learn how to explore the art work, an artist and create your own artworks inspired by the piece and share your fantastic art journey with friends and family.

We are offering the first 50 people who sign up to complete their Digital Discover with us the award for **FREE!** This includes the moderation and postage of your certificate.

To get involved all you need to do is email our Access and Interpretation Officer asking for an Arts Award pack.

EvaD Ould-Okojie
Access and Interpretation Officer at Gallery Oldham
